

Rights issue closing date extended

It has come to the Company's attention that, due to the tardiness of Australia Post, some shareholders have only just received their prospectus for the non renounceable rights issue that was due to close today (21 February 2014).

In order to accommodate such shareholders who may wish to subscribe to the issue, the Company has extended the Closing Date of the issue by 1 week to 28 February 2014.
